

The main theme for all sections this year is based on Ephesians 2:10. The Explorers AND Juniors will be looking at the same stories together in their course called 'Because'. The Seniors and Brigaders will be exploring the same topics together; in their course called 'Worth'.

As always there will be a story for you to read with your Explorers. The Juniors will be encouraged to read the relevant stories from the Bible. For your convenience we will also be including crafts, games and songs should you wish to use these throughout the night to reinforce the message to your girls.

Remember to adapt your stories for the Under 5s to keep them interested and this year why not use the height chart to help you add interest and engage with them.

NEW Height Chart FOR UNDER 5's

This year especially for the Under 5's we are introducing their very own activity height chart. This will be a colourful resource with simple activities for them to do, to reinforce the weekly lessons, very keenly priced at just 15p each! **And not just for the Under 5s!** The height chart would be a perfect addition to the Explorer's Activity Book or you could use it with the Explorers at the end of the year to recap on all they have learnt.

Daily our girls are sold lies!

Open a magazine and they are told they have to look a certain way, to act a certain way and to have

certain things in order to be accepted by society. They are growing up believing their worth is found in superficial things when in fact this is contrary to what the Bible says. We are told in the Bible that we are God's masterpiece!

In 'WORTH' we will teach the girls that their worth is in fact found in God, NOT in how they look, what they can do, what they wear, who their friends are, who they go out with etc. We are going to replace those mistruths with what the Bible says; that they are like priceless diamonds in God's sight.

For we are God's masterpiece.
He has created us anew in Christ Jesus, so we can do the good things he planned for us long ago.
